

Hello, the reason I am writing is to say how Klove serves me as a resident of the local community. They give me hope. When I need something I can just call them and they can give me spiritual hope. They know God's word very. When I am feeling down they always know what to say to get my hopes up again. I really love the music they play all the time. They bring the whole community together. I think that if KLOVE were to be displaced by an LPFM broadcaster providing other programming would not be the right thing to do. I think that KLOVE is doing a great job and have saved a lot of people's lives. Many people have received God as their lord and savior through KLOVE. I think it would have a big effect on all the community for all those people that listen to KLOVE if they would take it away from us. I really Believe that the service KLOVE is giving the community is the best. they have music that the whole family can listen to. Parents can be sure that their kids won't be listening to anything bad when they listen to KLOVE. KLOVE is really the best thing that can happen to anyone. I think it would have a great effect on a lot of families, because families actually get together and listen to KLOVE. I personally listen to KLOVE all the time. KLOVE is such a wonderful station. When you listen to it you know that in the songs they play no bad words are going to be played in it or nothing that can be bad. Please do not take KLOVE away from us that we really listen to them day and night because they are a really big spiritual help. Thank you very much. May God keep on blessing you today and forever.
